- Multi-media and Visual effects editing

FAST CONSISTENT PERFORMANCE

Lite-On's Zeta mSATA Series Solid-State Drive with the mSATA interface boosts your device's performance by accelerating application responsiveness, increasing productivity, and improving power efficiency. This simple upgrade delivers superior speed at 4KB random read performance of up to 78,500 IOPS and 4KB write performance of up to 80,000 IOPS. With quick response times, a Lite-On SSD will keep pace with your busy lifestyle.

Say good-bye to system boot-up or program wait times. Access your stored movies, games, photos and music with ease and speed. The Lite-On Zeta mSATA Series SSDs are built to expedite your life's data efficiently and securely no matter what the file type.

With its small form factor and mSata interface, the Zeta mSATA fits easily into today's tablets and mobile devices. Operating more efficiently than traditional HDDs, the Zeta mSATA consumes less power, which extends your system's battery life.

THE FIRMWARE ADVANTAGE

Our dedicated engineers work closely with high-grade chip manufacturers to develop solutions particular to your needs. Lite-On SSDs are already an industry-leading product, and with Lite-On's customized proprietary firmware, your Lite-On SSD will provide superior performance at consistent speeds for years to come.
